

BOLL - VAC

Clean up your cotton harvesting with a Boll-Vac. Efficiently vacuums spilled cotton around module builders, truck loading module sites, Gin Yards, or any other place where spilled cotton makes a good operation look bad. Fits any manufacture's Cotton Buggy.

Standard Features

- 24" Dia., 6 Blade Spin Balanced Fan
- 1.5" Shaft, With Heavy Service Bearings
- Heavy Duty Love Joy Connection
- Permco (Case Drain) Hyd. Motor
- 25'-5" Suction Hose, 8" Diameter
- Hyd. Hoses With Connecting Tips. Hoses long enough to mount fan to rear of Buggy.
